

Introduction to Exercising

Physical Therapy in San Jose, Los Gatos, Foster City and Burlingame for Exercise

Welcome to MORE Physical Therapy's patient resource about Physical Therapy services for exercise.

It is no big secret that exercise is an important part of a person's day. Furthermore, exercise is necessary to maintain a healthy weight and keep your good health, but unfortunately, most people do not get enough of this necessary activity.

On a positive note, it is never too late to start an exercise regimen and make changes to your lifestyle for better health. Whether your goal is to lose weight, improve on muscle tone, or just feel better about yourself and gain energy, exercise is the place to start.

This part of our site had been designed to help you. We want to provide you with the tools and information you need to start on an exercise program, meet your fitness goals, and ultimately, maintain them. Furthermore, we want to make sure that you stay healthy and injury-free in the process.

Exercise can turn your life around and give you a fresh perspective. We want to be the ones that help you see it through!
